

Coated foam pigs are constructed of polyurethane foam with a durable polyurethane elastomer coating that is applied in a variety of patterns, with criss-cross being the most common.

**MCSS / HCSS
Single Spiral**

**MC / HC
Criss Cross**

Features:

- Durable polyurethane foam construction for body and coating
- Flexible design
- Can handle reductions in the pipeline
- Custom sizes available

Applications:

- Regular-duty wiping
- Gauging of internal pipe conditions
- Batching and product removal
- General cleaning applications

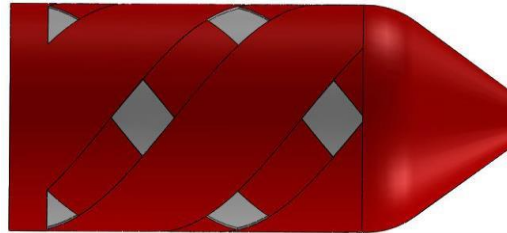

Options:

- Handling rope/cable
- Transmitter cavity
- Bypass holes
- Magnets
- Double dish configuration
- Custom dimensions
- Light, medium, or heavy density foam
